Hi Sam, it looks like 7/7 from 9-10am, morning of 7/12, or 7/14 between 1-3pm are available for a Teams call. Let me know if one of those slots will work. Thanks, David

Subject: Meeting Request | Class VI UIC Permit Application

Hi David,

I represent a company that is working on a carbon capture and sequestration project in Southern California. I do not believe EPA Region 9 has been briefed yet on this project and the company intends to submit the Class VI permit application this summer. Prior to submitting the application, the company would like to schedule a meeting with EPA Region 9 to provide an overview of the project, the permit application, introduce the folks working on the project, etc.

Does a 1 hour meeting work for you? If yes, can you please let me know EPA Region 9's availability the weeks of: (i) June 28; (ii) July 5; and (iii) July 12? I am happy to setup a TEAMS call. We obviously defer to you and Ivan who should participate from your office and ORC. Ivan, I was chatting with Laurie and she suggested that I include you on this email since Jenny re-located to EPA Region 2.

Thanks! – Sam
